PROCESS EQUIPMENT & INSTRUMENTATION FOR INDUSTRY

From Process Components to Complete Systems

- ROTARY IMPINGEMENT TANK & VESSEL CLEANING MACHINES
- MOBILE, SELF-CONTAINED CIP SYSTEMS

- HEAT TRANSFER PLATE & FRAME/ TUBULAR HEAT EXCHANGERS
- GAULIN & RANNIE HOMOGENIZERS & HIGH PRESSURE PUMPS
- SANITARY ROTARY & CENTRIFUGAL PUMPS & SANITARY VALVES

- SANITARY, LOW SHEAR TWIN SCREW P.D. PUMPS
- POWDER INDUCTION SYSTEMS FOR HIGH & LOW VISCOSITY LIQUIDS
- CONTINUOUS BLENDING SYSTEMS - AUGER & HOPPER FEED SYSTEMS
- HIGH SHEAR MIXERS

- PRECISION METERING PUMPS
- CONTINUOUS BLENDING SYSTEMS
- PACKED PLUNGER & DIAPHRAGM METERING PUMPS

- SANITARY PRESSURE & TEMPERATURE GAUGES/ TRANSMITTERS
- DIGITAL & BIMETAL THERMOMETERS
- RTD & SANITARY THERMOWELLS

- QUALITY S/S PIPING COMPONENTS

- Level, Flow, Pressure & Temperature Gauges/ Transmitters
- Density and Viscosity Measurement

Endress+Hauser

- Level, Flow, Pressure & Temperature Instruments & Controls
- PH & Conductivity Analyzers

- Pharmaceutical & Biotech Tanks
- Tubular Heat Exchangers & Pasteurizers
- ASME Coded Vessels & Sanitary Tanks

- Rotary & Sliding Stem Valves
- Actuators Steam Control Valves & Regulators

- Sanitary Positive Displacement & Centrifugal Pumps
 - High Shear In-line Mixers
 - Continuous Blend Systems

- Tuchenhagen Sanitary Valves

- Position Sensors & Proximity Switches
- Flow, Pressure and Level Sensors

- Sanitary & Industrial Control Valves
- High Performance Butterfly Valves

- Sanitary Air Diaphragm Pumps & Systems
- Drum & Tote Unloading Systems

- Sudmo Sanitary & Aseptic Valves & Fittings
- Haffmans CO2 Analysis & Recovery Systems
- Norit Water Treatment & Membrane Technology

- Multitalent Mixing Solutions for Food, Beverage & Pharmaceutical Industries
- Sanitary, Magnetic Drive, Bottom Entry Mixers & Stirrers
- Coaxial Agitators & Customized Blenders

- Self Actuating Pressure & Temperature Valves
- Control Valves & Regulators
- Vibration & Pneumatic Controls

- APV
- Bran+Luebbe
- Waukesha Cherry-Burrell

- Quality S/S Piping Components

- Sanitary & Industrial Hose & Hose Assemblies
- Stainless Steel Braided Steam Hoses & Expansion Joints

- Quality S/S Piping Components

- Sanitary & Industrial Centrifugal & Rotary Pumps, Valves & Fitting Scraper
- Surface Heat Exchangers/ Votator

PROCESS TECHNOLOGIES, INC.

Can Handle Any of Your Equipment, Instrumentation and Control Needs!

From repair parts and components to valve manifolds and complete integrated process systems, PTI Can handle your needs

TO SPEAK WITH YOUR LOCAL REPRESENTATIVE, CALL

(800) 889-5699

Process Technologies, Inc. welcomes the opportunity to discuss solutions to process problems with potential customers without obligation. We provide chemical, mechanical and electrical engineering assistance as a sales tool for purpose of better serving our customer needs.
